

LUIS JORGE REYNAGA PÉREZ

FullStack Developer

 [Email](#)

 [GitHub Profile](#)

 [Online Portfolio](#)

I have 2 years of experience as a developer, working on both backend and frontend. I have participated in projects ranging from institutional websites to complex web applications, always maintaining high standards of quality and usability. My main skill is in creating applications, primarily using technologies such as Laravel and PHP.

SKILLS

FrontEnd	BackEnd	Tools/Environments	Languages
<ul style="list-style-type: none">• HTML 5• CSS• Tailwind• Bootstrap• JavaScript• React	<ul style="list-style-type: none">• Php• SQL/MySQL• Java• Laravel• Maria DB• JavaScript	<ul style="list-style-type: none">• GitHub• Visual Studio• Trello• WordPress	<div>Spanish Native</div> <div>English Intermediate (B1)</div>
